Dualys®

The dual-sided color printer for plastic card personalization

Dualis

From bulk personalization of cards to individual card printing, Dualys³ is the one-stop color printer for dual-sided personalization of badges, sterling quality and robust security.

Thanks to the most advanced printing engine in the market. **Dualys**³ prints high-definition badges within seconds. This solution benefits from the latest encoding technologies: ISO or JIS2 magnetic tracks, and smart card with contact or contactless (RFID). These encoding options can be combined to personalize multifeatured cards in a single pass, paving the way to a wide range of market applications in various industries: identification. biometric security, transport, financial institutions, educational organizations, loyalty programs, and leisure.

Dualys³ comes with a detachable 100-card feeder. Yet, you can also use it as a compact badge or card counter, thanks to a manual feed option that prints your badges one by one.

Because the Evolis products have earned market-proven reliability, Evolis is committed even further to superior quality and introduces a 3-year warranty on the full Dualys³ range of printers.
